### About WageIndicator Foundation - <a href="www.wageindicator.org">www.wageindicator.org</a> - <a href="office@wageindicator.org">office@wageindicator.org</a>

WageIndicator started in 2000 to contribute to a more transparent labour market for workers and employers by publishing easily accessible information on a website. It collects, compares and shares labour market information through online and face-to-face surveys and desk research. It publishes the collected information on national websites, thereby serving as an online library for Minimum Wages, Earned Wages, Living Wages, Labour Law, Collective Agreements, the Gig Economy and career advice, both for workers and employers. The WageIndicator websites and related communication activities reach out to millions of people on a monthly basis.

The WageIndicator concept is owned by the independent, non-profit WageIndicator Foundation, established in 2003. The Foundation works closely with world renowned universities, trade unions and employers' organisations. It currently operates national websites in 206 countries and territories. Its core team consist of 50 specialists around the world, as well as a team of close to 300 data collectors worldwide. WageIndicator has offices in Amsterdam (HQ), Pune, Bratislava, Cape Town, Jakarta, Venice and Islamabad.
