Brief history of the Minimum Wage pages

- **2006**

- India's WageIndicator team received minimum wage requests from web visitors
- India has some 13,000 MW rates for jobs, employment schedules, and states
 - Wage Boards are great decision makers, but not in communicating decisions
 - huge demand from the public for this information
- the team published an increasing number of MW rates on paycheck.in

- **2007-2012**

- other WageIndicator teams also received requests from the public
- and published MW rates on their websites
- start of systematic collection of MW rates in websites of approx. 80 countries

MW_APP - database with 20,000+ MW rates

- **Since 2018**

- Development of MW_APP, a database including 20,000+ rates of 206 countries
- In MW_APP the rates are updated as soon as Governments update the rates
- A script generates web pages from this database, so that the MW webpages are updated as soon as MW_APP is updated
- MW news is communicated

- **Who is involved**

- Iftikhar Ahmad's team in Pakistan maintains the database, Kea Tijdens is back-up
- The team races the updates from their worldwide database of MW related URLs
- And receives messages of WageIndicator team members or from web visitors regarding updated rates

Related databases

- **Monthly datadump since 2018**
 - The rates in MW_APP are replaced with new rates with every update
 - To save the 'old' rates, each month the data of all rates valid in that month is stored in a monthly datadump
- **Historic database – under construction**
 - All valid MW rates from 2014 onwards, on a monthly basis
 - Currently available for approx. 100 countries
- **MW rates are used for the Living Wages**
 - All Living Wages are compared to the relevant Minimum Wages

MINIMUM WAGE

The Brazilian constitution provides for a single national minimum wage which enables workers and their families to meet their basic living needs like housing, food, education, health, leisure, clothing, hygiene, transportation and social security with periodical adjustments to maintain the purchasing power of people. It also allows fixing minimum wages/base salary keeping in view the extent and complexity of work (sectoral or occupational as well as regional minimum wages allowed).

Minimum wage is minimum amount due and paid directly to the worker, including rural workers, without any distinction of sex, for regular day of work, which enables workers in every region of the country to satisfy their basic needs of food, housing, clothing, hygiene/health and transportation.

Under a new law, minimum wage is decided by the government alone through a decree thereby determining the hourly, daily and monthly minimum wage for workers for whom wages are not fixed through a federal law or collective bargaining agreement. Another law says that the real value of the minimum wage must correspond in 2021 to R\$ R\$ 1.101,95 (a Thousand a hundred and one reais and ninety five cents) a month, R\$ 36.76 (thirty six reais and seventy six cents) a day and R\$ 4.59 (four

Minimum Wage Updated in Honduras from 01 January 2022 - April 8, 2022

The revised minimum wages have been announced in Honduras on 1 April 2022, effective retroactively from 01 January 2022. For all sectors, the minimum wages have been raised by a specific percentage, considering the number of workers in an enterprise.

1. Increase in wages by 5.32% for enterprises employing 1 to 10 employees;
2. Increase in wages by 5.50% for enterprises employing 11 to 50 employees;
3. Increase in wages by 6.5% for enterprises employing 51 to 150 employees;
4. Increase in wages by 7.5% for enterprises employing 151 or more employees;
